

BENNETT + BENNETT

Surveyors + Planners

1 William Street Brisbane, QLD

Queensland's largest commercial office building set to become an iconic part of the Brisbane skyline.

1 William Street is a major catalyst project for the wider 'Queens Wharf' redevelopment. At 75,000 square metres it will become the largest commercial office building in Queensland and will accommodate over 5,000 Queensland public servants. The tower is conveniently located opposite to Parliament House, Brisbane River and the Expressway.

Bennett + Bennett are providing survey set out for the building construction, as well as providing survey control for the accurate construction of the lift and stair core.
