

## Ben Madden-Holmes

### Partner / Office Manager Sunshine Coast

Ben is a partner in the business and leads our Sunshine Coast office. He has over ten (10) years' experience as a qualified surveyor.

He has a breadth of experience that spans all facets of the surveying profession from the provision of construction control on high-rise structures through land subdivision deliverables. Ben's surveying expertise has allowed him to lead and deliver successful projects in all major centres of South East Queensland. Ben uses his experience to offer advice and guidance to clients as well as preparing timely and detailed survey responses.

Ben also leads the Research & Development portfolio for our company which focuses on procedural efficiencies and new technologies that can be successfully implemented to benefit our client's projects.
