

## Marko Tuominen

### Associate / Datapix B+B Manager

Marko manages the Bennett + Bennett Datapix B+B division and has seventeen (17) years of experience in the fields of close range photogrammetry and surveying.

Marko has a background in a wide range of engineering and surveying projects and in 2005 established his company Datapix Pty Ltd, and has built up a reputable client base and gained experience in a variety of projects in industries such as mining, engineering, architecture and civil works / roads.

#### QUALIFICATIONS + ACCREDITATIONS

Applied Science (Computer Aided Drafting) – GCIT

Associate Degree of Spatial Science (GIS)– USQ (under completion)

Golf Course Design & Construction – University of Guelph (Canada)

Working Group Members – International Society for Photogrammetry and Remote Sensing (ISPRS) – Commission v

Exclusive AU / NZ distributor for close-range and aerial photogrammetry software 'PhotoModeler' since 2013

#### EXPERIENCE

- Surveying calculations and planning
- 3D CAD & survey drafting
- Close range photogrammetry
- Aerial imagery capture
- Orthophoto generation
- Camera calibration

#### PROJECTS

- **Momi Bay, Fiji** – FNP / RCP
- **Doha Golf Club, Qatar**
- **Australian GP 2014-2017 contract (Moto GP/F1) & V8 Supercars**
- **Gold Coast International Airport Upgrade**
- **M1 Highway, Coolangatta to Springwood - DTMR**
- **Lae, Papua New Guinea** – BD Architecture
- **Cunningham Highway, Cunningham's Gap (QLD) – DTMR**
- **Q1 Building, Surfers Paradise** – RIS Safety

Incorporating

**DATAPIX B+B**

3D Measurement Solutions
