

Robert McCabe

Senior Associate / Cadastral Manager

Robert has over fifteen (15) years surveying experience in Brisbane and the Gold Coast. He has gained valuable experience in both the public and private sectors.

Robert is the Cadastral Manager for Bennett + Bennett and also holds the role of Liaison Officer for the Department of Natural Resources and Mines. These roles require a thorough understanding of the legislation and requirements for the preparation of plans used for registering interests in land or property. In this cadastral leadership role he ensures quality control of plans and provides guidance and advice to staff on undertaking cadastral surveys, reinstatement, titling and plan preparation. He also currently serves on the Surveying Focus Group, an initiative of the DNRM Cadastral and Geodetic Services Systems Review Project.
