

## Angus Watson

### Project Manager

Angus has some forty (40) years' experience in the development industry on the Gold Coast and in wider Queensland working exclusively in the private sector.

His education and experience give him a unique ability to understand and deal with a wide range of project related issues and provide solutions to complex problems. Angus can also advise on all areas of residential, commercial, industrial and mixed use community title projects from concept through to approval and on registration of final products.
