

Liam Thierens

Associate / Spatial Services Manager

Liam is the Spatial Services Manager at Bennett + Bennett and has over ten (10) years of experience as a surveyor and laser scanning specialist with a specific focus on structures and as-constructed deliverables.

Liam's background in land, structural and civil infrastructure projects throughout South East Queensland has allowed him to develop a strong spatial understanding. This knowledge combined with 3D modelling and robust data management skills facilitates expedited spatial data transfer between engineering, architectural and spatial consultants.
