

Mark Fritsch

Partner / Regional Manager – Gold Coast

Mark is a Surveyor with over nineteen (19) years' experience in the profession. He has extensive experience across a wide variety of surveying tasks as a senior surveyor and providing project management.

He has delivered the surveying expertise while working on significant high profile projects for high rise construction control and infrastructure works. Mark has managed large scale detail and engineering surveys for development applications, asset mapping and cadastral surveys for both land and building.

Mark has delivered these diverse projects across city and regional areas of QLD, NSW and the ACT.
